

Exploring Culture

In order to understand other cultures, it is important that you know your own culture. With that in mind, please answer the following questions to the best of your ability. All information submitted on this form will be kept confidential. You are not required to answer any questions that cause you discomfort. However, it is hoped that as the semester progresses you will feel more comfortable answering all the questions. If there are questions which you do not know how to answer, try to find these answers as you go through this semester. You may want to talk with family, research your heritage, read up on your culture, and think about what your own individual morals and values have added to make you who you are today.
