

SCC's Green Student Club Minutes

09-18-2008

Meeting time 3pm – 4:15pm, Room SC 106

Next meeting: Thursday, September 25, Room SC 106

Members in attendance:

Peter Donkin, Drew Hanley, Daniel da Silveira, Jesenka Simeunovic, Tasha Wenderlich, Thomas Williams

Agenda: Discuss future events, establish officer's positions.

Events:

- The events during the year were discussed. For right now we will concentrate on two events, October 16th is UN World Food day. We will organize a bake sale fundraiser for that date. Members will bake food out of locally grown, organic ingredients. The purpose of this event is to create awareness of the world hunger problem and the importance of buying local foods. To be in compliance with law, all members that participate in the bake sale will have to attend a Food handlers licensing workshop. This workshop is for free. The tentative date for the workshop is September 30th.
- And October 22nd, where we will participate in a video conference with ASU and other Community Colleges for Campus Sustainability Day.
- The club will rent one or two lots from the garden club. The annual cost for one lot is \$142, and they are 20'x30'. Members will be able to grow vegetables and other plants. The harvest out of these efforts will be sold at a fundraising event called "SCC's Farmers Market" to promote buying local and organic foods.
- We would like to encourage the Culinary Program to commit one day offering a menu, from organic, local products.

Officers:

- We have two interested members for the President's position
 - Those two members will hold a short presentation at the next meeting, and club members can give up a confidential vote.
- We established our officers, congratulations to:
 - Vice-President: Tasha Wenderlich
 - Treasurer/Secretary: Peter Donkin
- If anybody is interested in taking the Secretary position from Peter, please show up at the next meeting
