

## How to maximize tutoring services

### Come to see a tutor when:

- You need help in completing homework questions or problems
- You want assistance in understanding concepts or discussing ideas
- You want to know more about study strategies
- You believe you are beginning to fall behind and want some help

### Prepare for a tutoring session by bringing:

- Textbooks
- Classnotes
- Past quizzes or tests
- Course syllabus
- Homework problems (indicates what you have been able to complete yourself since tutors cannot go over every problem)

### Remember that tutors cannot:

- Do homework or assignments for students
- Make up for missed classes or assignments or for missing prerequisite courses
- Teach new material not included in the coursework
- Provide line-by-line correcting or editing
- Cover a semester's worth of work in the few days prior to final examinations
