

Annual Security Report

2022

The federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) requires colleges and universities, both public and private, participating in federal student aid programs to disclose campus safety information, and imposes certain basic requirements for handling incidents of sexual violence and emergency situations. Disclosures about crime statistics and summaries of security policies are made once a year in an Annual Security Report.

Annual Security Report Preparation

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act—known as the Clery Act—is named for Jeanne Clery, a 19-year-old Lehigh University student who was raped and murdered in her dorm room in 1986. The law was originally enacted in 1990 as the Crime Awareness and Campus Security Act, which amended the Higher Education Act of 1965 (HEA). The Clery Act requires all postsecondary educational institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information.

The report provides information to the campus community about crime reporting procedures, various policies, crime prevention programs, and campus crime statistics. In 2013, the Violence Against Women Reauthorization Act (VAWA) amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking; and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports.

On October 9, 2020, the Department of Education announced the rescission of the 2016 Clery Act Handbook for Campus Safety and Security Reporting and replaced it with a new [Appendix](#) to the Federal Student Aid Handbook. However, the Maricopa Community Colleges District has decided to continue utilizing the 2016 Clery Act Handbook for regulatory guidance.

The Maricopa Community Colleges Police Department prepares the text of this Annual Security Report through a collaborative team approach, which involves other departments within the colleges including the Office of Student Rights and Responsibilities, Counseling Services, and Title IX.

The Maricopa Community Colleges Police Department collects statistical data provided by reports to the Police, other identified campus security authorities and other law enforcement agencies. You may view the Scottsdale Police Department website or the SRPMIC Police Department website to see crime statistics for the general area around SCC Campus.

The Maricopa Community Colleges do not use any personally identifying information in public record keeping including Clery Act reporting and disclosures such as the Annual Security Report, and Daily Crime Log.

The Maricopa Community Colleges Police Department distributes a notice of availability of the Annual Security Report by October 1 of each year to every member of the college community. Anyone, including prospective students and employees, may obtain a copy of the report by visiting <https://police.maricopa.edu/>

Annual Security Report

The 2022 Annual Security Report is prepared to inform you of SCC's campus crime statistics, security policies, fire statistics, and steps you can take to enhance your safety. It also includes policies and programs regarding sexual assault, dating violence, domestic violence, stalking, and alcohol and drug prevention campaigns. This report includes information for the SCC Campus for the 2019, 2020 and 2021 calendar years.

Police jurisdiction on MCCCDCampuses

The MCCCDCampuses Police Department is vested with the authority and responsibility to enforce all applicable local, state and federal laws, as well as MCCCDCampuses policies. MCCCDCampuses Police Officers have the authority and duty to conduct criminal investigations, arrest violators and suppress campus crime. MCCCDCampuses Police are empowered by the State of Arizona to provide police and other quality safety services to the Maricopa Community College District.

MCCCDCampuses Police officers are duly sworn peace officers under [A.R.S. § 13-3871](#), are authorized to carry firearms, and have the same authority as municipal police officers to use police powers of arrest. On-duty Police Officers traveling outside routine patrol areas on official College business may take appropriate law enforcement actions as necessary in the absence of available Local, County or State officers up to and including investigation and final criminal disposition.

The MCCCDCampuses Police Department also employs unarmed Public Safety Aides to assist with campus security. Public Safety Aides are full and part-time department employees who serve as the “eyes and ears” of MCCCDCampuses Police. They take reports for minor incidents, provide basic emergency services and assist police officers as needed.

The MCCCDCampuses Police Department also contracts with an independent security firm to oversee safety and security in the absence of Police/Public Safety Personnel. They typically provide security during the hours the campus is closed. Police Officers, Public Safety Aides and Contract Security Staff, have distinct uniforms and photo ID's which allow them to be identified by members of the college and surrounding community.

State and Local Law Enforcement Agencies

The SCC Police Department works closely with the Scottsdale and Salt River Pima-Maricopa Indian Community Police Departments. The SCC Police Department does not have written Mutual Aid Agreements or Memorandums of Understanding with those agencies.

If an outside law enforcement agency contacts MCCCDCampuses regarding a student organization, which is officially recognized by the institution, the Student Code of Conduct would dictate the appropriate intervention for the college. The Student Conduct Code shall apply to conduct that occurs on college or District premises, or at College- or District-sponsored activities, that adversely affects the college community and/or the pursuit of its objectives. Each student shall be responsible for their conduct from the time of admission through

the actual awarding of a degree, certificate, or similar indicator of completion of a course of study, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment (and even if their conduct is not discovered until after a degree is awarded). The Student Conduct Code shall apply to a student's conduct even if the student withdraws from school while a disciplinary matter is pending.

SCC Police Department Office Location

The SCC Campus Police Department office is located at the south end of the campus in the northeast corner of the Library Building (LIB).

Crime Logs

The MCCCDCD Police Department maintains a daily crime log documenting reported crimes in accordance with the Clery Act. Daily Crime Logs can be accessed electronically on the MCCCDCD Police website <https://police.maricopa.edu> or viewed in person by going to any of the MCCCDCD police department locations on our campuses.

Reporting crimes and incidents

The Maricopa Community College District has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to law enforcement and appropriate college officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire college community that incidents be reported immediately and accurately so MCCCDCD Police, or the responsible jurisdictional agency, can investigate the situation and determine if follow-up actions are required, including issuing a Timely Warning or emergency notification.

MCCCDCD students, faculty and staff are encouraged to report all crimes and suspicious activity in an accurate and timely manner. If the victim elects not to or is unable to report, a third party may make the report.

Crimes in progress and serious crimes that have just occurred should be reported by calling 480-784-0911 from any phone or **40911** from any campus phone. Whenever possible, the actual victim of the crime or witness should call directly. First-hand information is usually more accurate and complete. You may report a crime if someone gives you the information and leaves, but include this fact when reporting. Crimes or suspected crimes may be reported by telephone, in person, or with the Rave Guardian mobile application. The Rave Guardian app is available through [Google Play](#) and the [Apple App Store](#).

Non-emergency crimes occurring on MCCCDCD property can be reported by dialing **480-784-0900** from any phone or **40900** from any campus phone. MCCCDCD Police Officers or Public Safety Aides will respond to all non-emergency calls for service.

MCCCDCD Police Communications & Records Bureau

The MCCCDCD Police Communications & Records Bureau is staffed 24 hours a day, seven days a week, by trained Public Safety Dispatchers. Our communication center is centralized and handles both emergency and non-emergency calls for service. Emergency phone calls and officer radio transmissions take precedence; however, all calls will be answered as soon as possible.

Dispatchers receive emergency and non-emergency phone calls from the college community which are requesting police or other emergency services using a multi-line telephone system while monitoring fire, intrusion and emergency notification systems. Dispatchers also monitor the Rave Guardian mobile app dashboard for emergency

incidents. Dispatchers enter calls with pertinent information from callers into a Computer Aided Dispatch system to be disseminated to officers who respond.

What to expect when calling 911

When calling to report a crime or incident, be ready to give information on the following questions:

- Where is the incident occurring?
- What is happening?
- When did the incident occur?
- Who is involved?
 - Where and when the suspect(s) were last seen
 - Suspects(s) description (including gender, race, age, height, weight, hair color/length, clothing, facial hair, tattoos/scars)
- Weapon(s), if any, and a description
- Other relevant information

In addition to the importance of reporting, information assists responders in developing timely warnings for the college community.

Cell phones do not automatically register caller's names and exact location information in the 911 system. When calling 911 from a cell phone, tell the dispatcher that you are calling from a cell phone and provide the location of your emergency. Dispatchers will ask questions regarding the emergency and may confirm information for a proper agency response. Cell phone 911 calls may be re-directed to another law enforcement agency depending on the location of the emergency.

Campus Security Authorities

While the district encourages the college community to promptly report all crimes and other emergencies directly to the MCCCDCD Police Department, the district also recognizes that some may prefer to report the incident to other individuals and offices. The Clery Act recognizes certain college officials, and employees and offices as Campus Security Authorities (CSA's). The act defines these individuals as "officials of an institution who have significant responsibility for student and campus activities," including but not limited to, student discipline, student activities, student club advisors and coaches. An example of individuals or college departments are: Dean of Students, Disability Services, Veteran's Services, and Athletic Coaches.

The function of a Campus Security Authority at the colleges is to report to the MCCCDCD Police those allegations of Clery Act crimes that they receive. CSA's are responsible for reporting allegations of Clery Act crimes that are reported to them in their capacity as a CSA. This means that CSA's are not responsible for investigating or reporting incidents that they overhear students talking about in a hallway conversation; that a classmate or

student mentions during an in-class discussion; that a victim mentions during a speech, workshop, or any other form of a group presentation; or that the CSA otherwise learns about in an indirect manner.

When the District Contracted Security Company personnel are working at colleges, they are considered Campus Security Authorities by Federal Law and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. As such, any employee of the company who works at any location that is owned, leased or controlled by the District is required to immediately report any crime reported to them to the reporting structure of the Institution, which is the Maricopa County Community College Police Department. The District Contracted Security Company must add this requirement to the Standard Operating Procedures that are read by the officers and supervisors who work on site on all district owned, leased, or controlled properties.

Confidential or Anonymous Reporting

Licensed counselors and pastoral counselors are exempt from Clery Act reporting requirements. To be exempt from disclosing reported offenses, pastoral or professional counselors must be acting in the role of pastoral or professional counselors. Currently, MCCCDC only employs academic counselors who are not exempt from Clery Act reporting requirements.

However, our counselors are encouraged to inform a person receiving counseling of the procedure for reporting crime on a voluntary, confidential basis for the purpose of including the crime in the annual disclosure of crime statistics. When making such a report, the individual is not required to disclose personally identifying information.

A victim's personally identifying information (e.g., name, home or other physical address, contact information, social security number, date of birth) will never be included in the Clery crime log, the Annual Security Report, or any other publicly available recordkeeping related to the Clery Act.

If you would like to report a crime, whether as a victim or witness, but do not wish to reveal your identity, you may contact the MCCCDC Police at 480-784-0900 or use the Rave Guardian mobile application available through [Google Play](#) and [Apple App Store](#). Additional information is helpful to fully investigate and prosecute crime; however, MCCCDC Police will respond to all reports of suspicious or criminal activity.

The purpose of the report is to maintain confidentiality, while taking steps to ensure the future safety of yourself and others. With such information, the college can keep accurate records of the number of incidents involving students, employees and visitors, determine where there may be a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community of potential dangers. Reports filed in this manner are disclosed in the Annual Security Report for statistical purposes. When the report involves allegations of sexual harassment (including sexual violence), it is made available to the campus Title IX Coordinator.

Services to help you stay safe and prevent crime

Community Policing

Community-based policing is a collaborative effort between a police department and community that identifies problems of crime and disorder and involves all elements of the community in the search for solutions to these problems. It is founded on close, mutually beneficial ties between police and community members.

In addition to partnering with the community, collecting and analyzing reported crime data plays an important part in this process. The data is reviewed and then educational, enforcement, and deterrent strategies are employed to reduce the occurrence of crime in our community.

The MCCCCD Police Department believes that preventing crime is a shared responsibility. For every crime committed, there must be a desire, an opportunity, and the ability to commit the crime. While you cannot control another's desire or ability to commit a crime, you can control the opportunity by doing the following:

- Always remain alert and aware of your surroundings.
- Always secure valuable items with a proper lock.
- Do not walk alone at night.
- Never leave valuable items unattended.
- Record the make, model and serial numbers of your valuables.
- Report any unusual or suspicious activity you witness.

Safety Escort Services

A Campus Safety Escort Program has been established, as part of the MCCCCD Police Department's commitment to value-added community-oriented policing. Escorts are limited to the boundaries of MCCCCD properties. Safety escorts are provided by MCCCCD Police Officers and or Public Safety Aides. To request a safety escort at any time, contact the MCCCCD Police at 480-784-0900.

Emergency Call Boxes

Some colleges have emergency call boxes located throughout their campuses. They are easily identifiable by the blue light on the top of the pole with Emergency printed on it or by a bright yellow box mounted on a metal pole. To operate the call box, simply press the call button, College Police personnel will answer immediately and provide assistance. If the area remains unsafe, you may move to the next call box location and activate it until police arrive. Your location is identifiable to police with each activation.

The emergency phones are not only located near campus buildings but also in many of the college operated parking lots and parking structures. The emergency phones are directly linked to the College Police on their corresponding campuses.

Alertus

At various locations, flashing strobes indicate an incident has or is about to occur in an immediate area. The strobes are supported by electronic message boards that provide directives for evacuation, lockdown, or shelter in place. Students and employees are expected to comply with these directives.

Rave Alert

The Maricopa Emergency Management System (MEMS) is an emergency notification system being used by Maricopa districtwide to communicate emergency messaging to all students, employees, and interested parties in the form of a Rave Alert. All students and employees are automatically enrolled in MEMS for text and email notifications. In the event of an emergency on any campus, MCCCDC will use the Rave Alert Emergency Notification System to alert students, faculty and staff via text and email. Alerts are sent when there is an ongoing emergency on or near campus that presents a threat to the safety of the campus community. Messages can be pre-recorded or altered depending on the severity of the situation. Follow up text messages will be sent once the emergency is all clear. It is important to ensure that your contact information is correct and up to date. Contact Information for emergency messaging is ultimately being populated by the data stored in other systems.

Students can manage their Contact Information in SIS (Student Center). Be careful not to confuse your “Emergency Contact” with your Contact Information. To update your Contact Information, scroll to the bottom of the screen and find your Contact Information listed in the “Personal Information” section. Click on the appropriate hyperlinks to edit your Contact Information.

Employees can manage their Contact Details in HCM. Be careful not to confuse your “Emergency Contacts” with your Contact Details. To update your Contact Details, click on “Personal Details” under “Employee Self Service.” Next, click on “Contact Details.” Click on the appropriate hyperlinks to edit your Contact Details.

Interested parties who do not have logon credentials to SIS (Student Center) or HCM should register to receive emergency alerts from Maricopa’s Opt-In Portal: <https://www.getrave.com/login/maricopa-community>

Rave Guardian App

The Rave Guardian app is an additional step MCCCDC takes to improve the safety and security of the campus community.

MCCCDC community members gain more mobile reporting power for reporting crimes and emergencies with the free Rave Guardian mobile app available through [Google Play](#) or

[Apple App Store](#). Smartphone users who download the app can report tips to MCCC Police, make emergency calls, and perform other functions that help enhance their personal safety and security, including requesting Safety Escorts on campus. The app allows users to communicate anonymously with MCCC Police in real-time via audio and text messages.

Users can also create a network of guardians consisting of family, friends and others they trust to look after them. Friends and family also can virtually walk an app user home. The app's Safety Timer feature uses the phone's GPS to locate an app user's progress on a Web-based map. Users may deactivate the Safety Timer once they have reached their destination safely. Users have total control over who they invite to use this feature, and they also may disable access at any time. The feature is a one-time use, and cannot be used by a family member or friend to monitor a person's location at a later time.

Crime Awareness & Prevention

General Crime Prevention

Maricopa Community Colleges strives to maintain a safe and secure college environment for students, staff and visitors. Offices, laboratories and classrooms are secured when not in use and our officers who discover defective doors and locks, interior/exterior lighting problems, or other safety hazards, immediately report the situation to the appropriate college department for action. To further improve safety, the college encourages all campus community members to take an active role and immediately report any observation of a suspected crime, unusual or suspicious activity, emergency, or hazardous condition to their college police departments.

Prevention Programs

Police officers conduct presentations relating to crime prevention and safety policies during orientations and at other times, when requested by staff or students. Crime prevention materials are distributed to all incoming students.

Safety Presentations

Members of each college Police Department office routinely provide safety presentations during class orientations. They are also available to speak to any department or groups of students. The orientations and talks are designed to educate members of the college community about the services provided and how to avoid becoming the victim of a crime at the college.

Bicycle Registration Program

The Maricopa County Community College Police are asking for your help in combating bicycle thefts on campus. Please [register](#) your bike with our department and always lock

your bicycle to a secure authorized bike rack whenever it is unattended. Please contact our department for more information.

Theft Prevention Tips

- Never leave your bicycle unattended! Lock it up to an authorized/secure bike rack in a well-lit area with frequent pedestrian traffic.
- Report suspicious activities! Report any suspicious activity near bike racks - if you see something, say something.
- Register your bike! Register your bike with the college police to ensure we have the information needed

Title IX and Preventing Sexual Harassment

Sexual Harassment and Discrimination Policy

The policy of the Maricopa County Community College District (MCCCD) is to provide an educational, employment, and business environment free of sexual violence, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting Sexual Harassment as prohibited by state and federal law. Discrimination under this Policy is an unequal treatment of a student based on the student's actual or perceived gender, sexual orientation, or pregnancy. This Policy prohibits Sexual Harassment and Discrimination in any college education program or activity, which means all academic, educational, extracurricular, athletic and other programs.

Sexual Harassment

The 2020 Title IX Regulations define sexual harassment broadly to include any of three types of misconduct that—on the basis of sex—jeopardize the equal access to education and the educational programs/activities that Title IX is designed to protect. These three types of misconduct are:

1. any instance of quid pro quo harassment by a school's employee;
2. any unwelcome conduct that a reasonable person would find so severe, pervasive, and objectively offensive that it denies a person equal educational access;
3. any instance of sexual assault (as defined in the Clery Act), dating violence, domestic violence, or stalking as defined in the Violence Against Women Act (VAWA). For definitions of sexual assault, dating/domestic violence, and stalking, please see the [Title IX Sexual Harassment Policy](#).

Sexual Discrimination, Harassment, Violence Awareness & Prevention

Preventing Sex Discrimination and Harassment is a mandatory online training course. This course will foster a safe and productive work environment by training employees on what is considered sexual harassment, prevention training, and what to do if they see or experience sexual harassment. This course is required by Federal Law and will provide information on preventing sex harassment and the federal laws dealing with this topic. Current faculty, employees, and Persons of Interest (POI)* must complete the course within the [Employee Learning Center](#). New employees will be required to complete the course within 30 days of start date.

Preventing Sexual Harassment and Sexual Violence course is now available to all students. Please check for your self-enrollment link in your Message Center within your Online Student Center via My.Maricopa.edu.

Bystander Intervention

MCCCD expects that you will step up and help others in need. This creates a powerful network of students who watch out for each other, show concern for each other's well-being, and help prevent harmful situations from occurring. How and when to intervene are often difficult decisions. Your first concern should always be safety. If you or someone else is in immediate danger, call 911 immediately. Included below are some general tips about intervention when the situation does not pose an immediate threat of danger.

- **Pay attention.** It is easier for you to notice something amiss if you are aware of what is going on in your surroundings. If you get the sense something is wrong, trust your instincts. If you are observing a situation where someone is encouraging another person to become intoxicated with alcohol or other drugs – step in.
- **Take personal responsibility.** People often do not intervene because they believe it is not their responsibility or someone else will help the person. Think about what you would want someone to do for you or for a friend or family member. We want MCCCD to be a safe community and it is important to watch out for one another.
- **Decide how to help.** Start by assessing the situation. Determine whether it is safe for you to intervene on your own, whether you should call others to help you, and whether to involve the police. Thinking about these questions will help you determine how you can effectively address the situation.
 - **De-escalate:** Be calm and respectful.
 - **Offer help:** Signal your concern and willingness to act. It's okay if you are turned down at first or altogether; simply offering help can change the dynamics.
 - **Slow things down:** Give people time to extricate themselves, if that's what they want.

- **Disrupt the situation:** Intrude. Make a joke. Change the topic. Spill something. Be a third wheel.
- **Early Intervention.** It is important to intervene as soon as you notice someone might be in danger. It is typically safer and more effective to intervene before a situation escalates. You should never intervene if you feel your personal safety is at risk. If you feel unsafe, you should get the police involved so they can address the situation.

Refer peers to resources. There are a variety of campus resources that can help someone who has experienced sexual violence. Educate yourself about these resources. This will prepare you to help someone who may disclose sexual violence to you. If someone tells you they have been sexually assaulted, believe them, be there for them, and share information about resources available to help them. For more information, visit [Resources](#).

Preserving Evidence

When sexual violence such as sexual assault, dating violence, domestic violence, or stalking is alleged, it is important to preserve evidence when possible. Such evidence may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protective order. Physical evidence is best collected within 72 hours of the assault but can be collected up to 120 hours (five days) of the assault. Try to preserve evidence even if you are unsure at the time whether you wish to pursue criminal charges or other actions to address the violence because that will preserve your options for doing so.

The following is a list of tips for preserving evidence:

Sexual Assault:

Evidence of sexual assault can be preserved by not showering or bathing, douching, urinating, brushing your teeth, or laundering, changing or discarding clothing and/or bedding until evidence can be collected. Evidence can also be preserved by saving call records, text messages, social media communications, and other evidence that may assist in an investigation. Every sexual assault survivor has a right to have a free forensic

medical examination, which will be administered by a registered nurse who has received advanced training to provide care and treatment to sexual assault survivors.

Even if you are not sure that you want to file a police report, it can be helpful to have any available evidence collected in case you decide to file a report with law enforcement later.

Domestic and Dating Violence:

Not all experiences of domestic or dating violence cause visible injuries. If visible injuries are present, it can be helpful to document them with photographs, if it is safe to do so. It is also important to seek medical attention if possible and safe to do so.

Stalking:

If you have experienced stalking, it can be helpful to an investigation to retain any evidence of that behavior, including documentation of any unwanted communication (written, oral, electronic), posts (such as on social media), gifts, etc.

Investigation Process

Reporting to the police initiates a process designed to determine what happened. The order in which the steps occur may vary slightly between police departments based upon the specifics of the case. The steps involved in reporting are: initial interview of victim; forensic examination, witness interviews, evidence collection (clothing, video, text messages, emails, etc.) and review. For MCCCDC Police, cases which meet the elements of sexual assault or sex offense, as defined in the Arizona Revised Statutes, will be submitted to the County Attorney's Office for prosecution. For off campus locations, local law enforcement will make the determination to submit the case for prosecution.

Reporting sexual assault, domestic violence, dating violence, or stalking to MCCCDC Police does not require filing criminal charges. However, it does activate all support systems for the victim, including campus resources. Victims may notify MCCCDC Police or local law enforcement directly. However, if the victim so elects, a [Title IX Coordinator](#) or a Campus Security Authority will assist the victim in notifying law enforcement authorities.

As part of the criminal justice process in Arizona, the victim is given a document listing their rights under the Arizona Constitution [Article 2, § 2.1](#), which preserves and protects the victim's right to justice and due process. It also lists the rights which automatically attach to the victim and a list of rights the victim must request, along with information on victim compensation, orders of protection/injunctions against harassment, and a domestic violence legal advocacy resource with contact information. The victim also receives a Community Resources and Links sheet, which provides telephone numbers and webpage addresses for local resources.

A victim may decline to notify law enforcement, but still take advantage of all other MCCCDC and local support systems. When a student or employee reports to MCCCDC that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, MCCCDC will provide the student or employee with a written explanation of the student or employee's rights and options.

Free Forensic Sexual Exam

The Federal Government under the Violence Against Women Reauthorization Act requires states which receive federal funding under VAWA, as Arizona does, to provide forensic sexual examinations to all victims regardless of whether police involvement is desired. The forensic sexual exam is always free of charge to the victim of a crime of sexual violence. MCCCDC encourages victims to get the exam to preserve evidence should they later decide to seek prosecution. It may also assist in getting an order of protection.

If a victim chooses to report a crime of sexual violence to the MCCCDC Police Department, the police will assist the victim in contacting a Sexual Assault Nurse Examiner (SANE Nurse). These individuals are licensed registered nurses who are trained to collect and preserve forensic evidence of sexual violence. They are also sensitive to trauma and will always treat victims with dignity and respect. However, as noted, a victim may obtain a forensic sexual examination without police involvement. To obtain a free exam, a victim should contact:

Orders of protection and injunctions against harassment

Civil court orders are issued in an attempt to prevent continuing acts of violence or harassment. A person who is being victimized has the right to file a petition with a magistrate, justice of the peace, or superior court judge for an order of protection or injunction against harassment.

The relationship of the petitioner and the defendant, as defined in [\[A.R.S. § 13-3601\]](#), determines which order applies for orders issued within Maricopa County.

Protection Orders

Protection Orders are civil court orders prohibiting a specific person from contacting you such as coming near your home, work site, school, or other locations as listed on the order. Protection orders are based on the relationship you have with the party you are seeking protection from and must be issued by a judge and served by a police officer, deputy sheriff or process server. The protection order will be effective for 12 months from the service date unless voided by the court.

Protection Orders can restrain a defendant from continuing acts of violence and harassment by prohibiting the individual from contacting or coming in contact with you. A protection order can also provide you with legal recourse if the defendant violates the order. Protection Orders cannot resolve landlord/tenant disputes, change custody or visitation orders, or guarantee your safety.

Injunction Against Harassment

An Injunction Against Harassment does not depend upon relationships and is available if the conduct of any person is “Harassment” as defined by law [\[A.R.S. § 13-2921\]](#). In Arizona, harassment is a series of acts (at least two events) over any period of time that is directed at a specific person, and that would cause a reasonable person to be seriously alarmed, annoyed or harassed and the conduct, in fact, seriously alarms, annoys, or harasses the person and serves no legitimate purpose.

Applying for an Order of Protection or Injunction Against Harassment

To apply for an order in Maricopa County, the courts developed the Arizona Protective Order Initiation and Notification Tool <https://azpoint.azcourts.gov/>. Through an interview in this portal, you can quickly fill out the forms that you need to ask for an Order of Protection at an Arizona court.

You will need to provide information on what acts of violence or threatening conduct occurred leading you to apply for protection, and addresses to which you do not want the defendant to come. In conjunction, you need to provide the names and relationships of other persons for whom you may request protection, whether the defendant has access to or possesses firearms, the nature of your relationship to the defendant, and whether there are any courts involved in the relationship (divorce, child custody, etc.).

To complete the process for an Order of Protection, you must file your petition with an Arizona court. You will then appear before a Justice of the Peace who will hear your sworn testimony and review evidence. The Justice will decide whether your order will be issued immediately or whether a hearing will be set. There are no fees associated with applying for any of these protection orders at the time of publication of this document.

Once issued by the Justice Court, the order or injunction will be in effect when a private process server, a law enforcement officer, or a constable serves it to the defendant. It remains in effect for one year from the date it is served. If the defendant violates the order or injunction, contact local law enforcement immediately. If you are in physical danger, call 911. Victims are reminded to remain cautious and have a personal safety plan.

Emergency Orders of Protection for Domestic Violence or Dating Violence

If the court has closed for business, an Emergency Order of Protection can be granted by a judicial officer in writing, verbally, or telephonically to protect a person who is in imminent danger of domestic or dating violence. Emergency Orders of Protection are obtained through local law enforcement agencies. If you need an emergency order of protection and are in immediate danger, call 911.

The local law enforcement agency will dispatch an officer to review your situation. If appropriate, the officer will contact the court after hours to request the court grant an Emergency Order. If the order is granted, it will be a temporary valid until the close of the next day of court business following the day the Emergency Order was issued. You will need to go to court the very next business day, to complete and file a petition for a permanent order of protection.

Enforcement of Orders

Any person on MCCCDC property who has obtained an order of protection or injunction against harassment may contact their college or local police department for enforcement.

“No Contact” Orders

MCCCDC administration does not issue orders of protection or injunctions against harassment but may issue “no contact” orders through the Dean of Students Office. If a “no contact” order is deemed appropriate, it will be issued, and the involved parties will be contacted. The stipulations may include, but are not limited to, no contact via phone calls, e-mails, voicemails, text messages, letters, cards, gifts, social networking messages or any other type of correspondence. This also includes both direct communication and indirect communication. i.e., you may not use other people or social networking sites as a means of communication. A “no contact” order is an administrative order. Violations of the “no contact” order are subject to the student disciplinary policy and procedures. You may contact the Dean of Students office at your college to make the

report of the violation. The report will be reviewed by the Dean's Office and a determination made.

Campus Sex Crimes Prevention Act

The Campus Sex Crimes Prevention Act mandates that convicted sex offenders who are required to register under state law must also disclose their association with institutions of higher education when applicable. Specifically affected are those registered sex offenders who attend as students, are employed by or employed at, or volunteer at institutions of higher education. The CSCPA amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in FERPA can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders.

The Arizona Department of Public Safety has established the Arizona Sex Offender Info Center according to the requirements of [A.R.S. § 13-3827](#). Arizona DPS is responsible for maintaining the site and annually verifying the addresses of registered sex offenders in the State of Arizona. For more information, visit <https://www.azdps.gov/services/public/offender>.

MCCCD Police, will compare both the employee and student databases on an annual basis with the state sex offender database to ensure that students and employees are safe from unreported sex offenders. MCCCD Police, will notify the college community of a registered sex offender, as required by law. Notification also can be found on the MCCCD Police website at <https://district.maricopa.edu/consumer-information/sex-offender-information-notification>

Timely Warnings and Emergency Notifications

Timely Warnings

Timely warnings are initiated by crimes that have already occurred, but represent an ongoing threat to the campus community. MCCCCD may issue a timely warning for any Clery Act crime committed on its campuses and or Clery Geography, which has been reported to a campus security authority or local law enforcement agency, and that is considered by MCCCCD to represent a serious or continuing threat to students, staff, and/or faculty.

Clery Geography is defined as the core campus boundaries (which includes all district/college owned or controlled property on campus and public property that is within or immediately adjacent to the campus) and on non-campus properties. The MCCCCD Police Department issues timely warnings as soon as the pertinent information is available. Timely warnings are issued to aid in preventing similar crimes, enable people to protect themselves, and may seek information that may lead to an arrest or conviction of an offender.

The MCCCCD Police Department is responsible for determining if a timely warning will be issued once notified a Clery Act crime has been reported to a campus security authority, local law enforcement, or directly to the College Police Department. Timely Warnings are disseminated using a variety of methods to include, but not limited to:

- Rave text messages
- Mass email notifications
- Flyers

When deciding whether to issue a Timely Warning, the primary considerations are (1) the nature of the crime and (2) whether there is a continuing danger that members of the campus community may become victims of a similar or related crime.

These warnings advise the community about violent crimes against persons, a series of crimes against property, or threats to persons or property in an effort to inform the community about potential risks and allow individuals to protect themselves against such risks. Timely Warnings may also provide details of the crime or threat, a description of the suspect (if known), information on who to contact about the investigation, and crime prevention tips.

A Timely Warning Notice will typically include the following, unless issuing any of this information would risk compromising law enforcement efforts:

- Date and time or timeframe of the incident
- Location
- Nature of the crime

- Information that will promote safety and potentially aid in the prevention of similar crimes (crime prevention or safety tips)
- Suspect description(s)
- Police agency contact information
- Other information as deemed appropriate by the Chief or designee

The description of subjects in a case will only be included in the notice if there is a sufficient amount of detail to describe the individual. If the only known descriptors are sex and race, then this information will not be included in the notice.

MCCCD Police works closely with individuals reporting serious crimes to ensure the victim's privacy, while also ensuring the community has adequate information regarding potential risks. The names and identifying information of victims will not be released in a Timely Warning.

Emergency Notifications

The Maricopa County Community College District (MCCCD) is duty-bound to immediately notify the College Community regarding circumstances that pose an imminent threat to health and/or safety. The MCCCD Police Department shall utilize the Emergency Mass Notification system to promptly notify the District and/or local College Community for any significant emergency or dangerous situation involving an immediate threat to the health and/or safety of students, employees or visitors. The only reason MCCCD Police will not immediately issue an emergency mass notification for a confirmed emergency presenting an identified risk to health and/or safety will be under a unique circumstance that would compromise efforts to:

- Assist a victim or victims;
- Contain the emergency;
- Respond to the emergency;
- Otherwise mitigate the emergency

The MCCCD Police Chief or designee will confirm that a significant emergency or dangerous situation exists, determine the emergency notification content, identify the segments of the campus community to receive the notification, and initiate the notification system, unless doing so will, based on the Chief or the designee's professional judgement, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. The MCCCD Police Department has the sole authority to issue emergency notifications, as it deems necessary, to maximize public safety.

For an emergency response to fires and ill or injured persons, MCCCD relies upon the municipal Fire Department emergency services in the city where each campus is located. Therefore, the Incident Commander may be a member of the local fire department. They will utilize the Incident Command System but follow their own agency's policies and procedures while responding to the emergency. An Incident Commander has the

authority on scene and should be consulted to determine the content of the notification. There are other local, county, state and federal agencies which may be consulted during an emergency, such as FEMA during a dangerous weather event, or the Public Health Department to confirm a serious virus outbreak.

A determination regarding what segment of the campus community will receive the notification shall be based on the nature, severity, and location of the emergency. The same procedures will be used to notify the larger campus community.

Given the severe consequences that could result, every member of the community is encouraged to report emergencies immediately. Dial 911 to reach police. The police department answering the call will notify the police department with jurisdiction so emergency services can be dispatched. Your first priority is to get to safety; your second priority is to call 911.

Notification Procedures

In the event of a serious incident that poses an immediate threat to members of the campus community, MCCCCD has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to the campus community. These methods of communication are:

- Rave text messages
- Mass email notifications
- VOIP phone announcements
- Alertus internal/external speakers (where available)
- Emergency intercoms (where available)
- Fire alarms
- Digital Signage
- Social media
- District/College website

The notification system's purpose is to provide brief and immediate instructions to the campus community and to provide other resources where additional information can be obtained.

Community Notifications

Community Notifications are developed and distributed to the community for security and safety related incidents that do not meet the legal standards or requirements for the distribution of an Emergency Notification or Timely Warning Notice per the Clery Act. Examples of such incidents and situations include:

- A crime or pattern of crimes that are not one of the 15 reportable Clery crimes.

- A crime that occurs outside of the EMCC Clery Geography (the decision to issue a Community Notification for an off-campus crime will be made on a case-by-case basis depending on an assessment of various factors, which include but are not limited to: the nature of the crime, the exact location, the time of the incident, the local police response, and guidance to campus officials and the potential direct effect on the campus community).
- A minor security or safety issue.
- Facilities-related issues that may cause a disruption to one or more campuses.

Community Notifications are typically written by the Chief of Police or designee and are distributed via email and may be distributed to the entire campus community or to a segment of the community that is affected, as deemed appropriate by MCCCCD Police.

Emergency Preparedness Plan

The Emergency Preparedness Plan (EPP) is designed to provide the Maricopa County Community College District (MCCCCD) with a management tool to facilitate a timely, effective, efficient, and coordinated response to a variety of situations including emergencies. It is based upon integrating MCCCCD emergency response resources with those of other jurisdictional emergency response agencies. The colleges and District Office (DO) will typically rely on their local city and other agencies to provide resources for law enforcement, fire, and emergency medical services (EMS).

The EPP uses the National Incident Management System-Incident Command System (NIMS-ICS) for managing major events, emergency situations and even disasters. It is intended to be fully NIMS compliant. The Incident Command System (ICS) is designed to be used for all types of incidents and is applicable to routine day-to-day emergency situations as well as large scale complex disasters. ICS provides a system for managing emergency operations involving a single agency within a single jurisdiction; multiple agencies within a single jurisdiction; and multiple agencies from multiple jurisdictions.

The organizational structure of the ICS may not resemble the day-to-day organization of the college or District Office. Employees may report to other employees to whom they do not usually have a reporting relationship. Furthermore, as the severity of the incident increases, employee assignments may change in the ICS organizational structure. This means that an employee's position in the ICS structure may change during the course of a single incident.

The EPP is part of a larger integrated Emergency Management & Continuity of Operations Program at MCCCCD that focuses on mitigation, preparedness, response, continuity and recovery activities. The Maricopa Emergency Management System ([MEMS](#)) is part of this integrated program.

The EPP is based on the fact that MCCCCD and local governments (e.g., the City of Phoenix, Mesa, Glendale, Avondale, Chandler, Tempe and the Salt River Indian

Community) will most likely respond to emergencies that occur on a MCCCCD campus. Operations are designed to protect lives, stabilize the incident, minimize property damage, protect the environment and provide for the continuation and restoration of essential services.

The EPP provides a framework for emergency preparation, response and recovery efforts. Leadership, preparation, good judgment and common sense overall by personnel directing these efforts will determine the effectiveness of the response and outcome. Given the nature of some emergencies, the Incident Commander or Unified Command may alter the ICS structure for more effective response or to accomplish strategic priorities.

The guidelines and procedures included in this plan have utilized the most current information and planning assumptions available at the time of preparation. There is no guarantee in outcome or performance implied by this plan. In an emergency, resources may be overwhelmed and essential services may be delayed, inadequate or in extreme cases not be available at all. Deviation from these guidelines may be necessary given the facts of any particular situation.

Emergency Response and Evacuation Procedures

In the event of an emergency, the College Police Department has the responsibility for responding to and summoning any immediate necessary resources. The district relies upon the municipal Fire Department in the city where each campus is located. Therefore, during a fire, hazardous materials situation, or medical emergency the Incident Commander may be a member of the local fire department. They will use the Incident Command System but will follow their own agency's policies and procedures while responding to the emergency. There are other local, county, state and federal agencies which may be consulted during an emergency, such as the Public Health Department being asked to confirm a serious virus outbreak.

Training Objective

Training is a vital element of preparedness to ensure college leadership, college police staff, safety coordinators and the CIMT is prepared for an effective and timely response during emergencies. Training will occur on a continuing basis with all portions of the plan. The goals of emergency preparedness training, including drills and exercises, include the following:

- Testing and evaluating plans and procedures (announced or unannounced).
- Identifying plan weaknesses.
- Identifying gaps in resources.
- Clarifying roles and responsibilities.
- Training personnel in roles and responsibilities.
- Establishing college community confidence and support.

- Improving interagency/jurisdictional coordination.
- Meeting regulations and requirements.

Schedule of Training, Drills and Exercises

Emergency preparedness training drills and exercises are to be conducted at college campuses every semester. Simulated emergency situations allow first responders, employees and students to become familiar with procedures, facilities, evacuation assembly points and communications systems that will actually be used in emergency situations. Training is conducted in several formats:

Orientation - scheduled on an ongoing basis for new employees, safety coordinators and crisis management team members. Orientation may include an overview of the college emergency preparedness program; crisis management team roles and responsibilities; and / or introduction or review of the emergency preparedness plan.

Drills – are conducted at each college at least once a calendar year with faculty, staff and students to test a specific operation, function or equipment. Drills are planned in advance, supervised, and coordinated among college first responders and CIMT. Drills may take the form of an evacuation, lockdown or shelter in place.

Exercises – are conducted at each college with first responders, college incident management team members and members of the college community. Individuals or departments perform tasks that would be expected of them in a real emergency. Exercise types include tabletop, functional or full scale. College exercises are coordinated through use of an Exercise Guide and results of the drills / exercises, including corrective action(s) and lessons learned, are documented through the use of an After-Action Report (AAR) and an Improvement Plan.

The information on the AAR should include documentation for each test, a description of the exercise, the date, time and whether it was announced or unannounced.

SCC Drills and Exercises

Lockdown Exercises

The Scottsdale Community College Police office conducts lockdown drills for individual buildings and classrooms throughout the year. In addition, the College Police office tests, at least once per semester, the classroom intercom system to ensure it is working correctly.

Evacuation Procedures

Limited Evacuation

District policy requires immediate evacuation when any fire alarm sounds within a building. All students, faculty, staff, and any other individuals within the building must immediately depart the building using available exit routes if safe. All building occupants will follow instructions issued by MCCCCD Police personnel.

Conditions for temporary evacuation of a building or area also include, but are not limited to, incidents of mechanical, electrical, or other facility-related failures, health, safety, and/or environmental issues such as hazardous spills, and other emergency conditions. MCCCCD Police Department, in consultation with other campus offices, will decide if a limited evacuation is warranted.

Campus-wide Evacuation

For any event that significantly threatens Estrella Mountain Community College, the MCCCCD Police Department in consultation with the College President or designee will determine if a campus-wide evacuation is warranted. If a decision is made to evacuate a campus building, you will be notified by activation of the Emergency Intercom System, audible/visual fire alarm system (horns and/or white strobe lights), a phone call, text alert, verbally, or by VOIP (some phones can be used as a speaker system) announcement. Once you are notified, evacuation is required.

- If possible, take the most important personal items with you (e.g. medications, keys, purse, and jacket).
- Close doors behind you, but do not lock them.
- Do not use elevators.
- Evacuate the area by using the exits, follow directions, and go to the assigned outdoor evacuation area.
- If you are unable to leave the building, or there is no ground floor access, notify College Police of your situation and tell them what type of assistance you require (e.g. wheelchair user, breathing difficulties, visual impairment).

Once the campus is evacuated, it will be secured and no one will be allowed to re-enter without proper authorization.

The campus will remain closed until the decision to reopen is made by emergency responders and College Administration. Campus re-opening will be broadcasted through

email, text alert, web, local radio and television stations. For more information on what to do in an emergency, go to: <https://www.scottsdalecc.edu/college-police>

Special Assistance

Individuals with disabilities are encouraged to prepare for emergencies ahead of time by discussing their need with appropriate personnel. Employees should discuss questions or concerns about emergencies with their supervisor and/or the [EEO/ADA](#) office. Students should discuss questions or concerns about emergencies with the Disability Resources ([DRS](#)) office on campus:

Shelter-in-Place Procedures

If an incident occurs and the building(s) or areas around you become unstable or unsafe, or if the air outdoors becomes dangerous due to toxic or irritating substances, it may be safer to stay indoors. Leaving the area may expose you to that danger caused by high winds, limited visibility, and respiratory-related issues, to name a few. Thus, to “shelter-in-place” means to “make a shelter” using the building that you are in, and with a few adjustments, this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-Place” Guidance

During an incident, if the building you are in is not damaged and still affords protection, stay inside. If possible, move to an interior room and away from glass or items that might become dangerous flying objects. Stay inside until you are told the area is safe by designated staff or it is obvious the incident has passed and no longer affords protection from the incident. Take your belongings needed for personal care (purse, wallet, medications) as long as it does not slow your exit. Follow the evacuation protocols for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators, etc.). Do not remove personal items (e.g., pictures, computer, etc.) Once evacuated, seek shelter at the nearest safe building. Follow all instructions given by first responders if they are already on scene.

How You Will Know to “Shelter-in-Place”

A shelter-in-place notification may come from several sources, including College Police, College employees or other authorities utilizing the colleges’ emergency communications tools such as:

- Rave text messages
- Mass email notifications
- VOIP phone announcements
- Alertus internal/external speakers (where available)
- Emergency intercoms (where available)

- Digital Signage
- Social media
- District/College website
- In person

How to “Shelter-in-Place”

No matter where you are, these basic steps should assist and should be considered unless instructed otherwise by emergency personnel.

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies you may need if you must evacuate immediately. Supplies will also include any items you may need if utilities are severed, and you must remain inside for a prolonged period. (e.g., a flashlight, extra batteries, etc.).
2. If you are caught outdoors, move quickly to the nearest undamaged building and take shelter.
3. If possible, your shelter area should be:
 - a. an interior room.
 - b. above ground level.
 - c. without windows or with the least number of windows possible.
4. Shut and lock all windows (tighter seal) and close exterior doors.
5. Turn off air conditioners, heaters, and fans.
6. Close ventilation system vents if able. College staff will turn off the ventilation as quickly as possible.
7. Turn on a radio or TV (if power is still available) and listen for more information about the incident.

Security and access to campus buildings and grounds

As a public community college district, most campus buildings and facilities are open to the public during the day and evening hours, when classes are in session and events are occurring. At other times, College buildings are generally locked and only faculty, staff, and authorized individuals are admitted. Consequently, regardless of the time of day or night, and no matter where you may be on campus, it is important for you to be alert and aware of your surroundings and exercise personal safety at all times. Do not leave doors propped open or unlocked after hours.

Electronic Card Access

Most campuses utilize an electronic access control system for access to buildings and classrooms. Electronic access data is used strictly for purposes of investigative incident management or may be anonymized for general reporting. It is prohibited for tracking individuals.

If your campus keys/access cards are lost or stolen, report the loss immediately to the issuing department.

Security Maintenance

Facilities and landscaping are maintained in manner that minimizes hazardous conditions. College Police at SCC regularly patrols the campus and reports malfunctioning lights and other unsafe conditions to Facilities Maintenance and Operations for repair. Other members of the campus community should promptly report hazardous or unsafe conditions to either College Police or Maintenance and Operations.

Weapons prohibited on campus

Arizona State law [A.R.S. § 13-2911](#) provides for the Maricopa County Community College District Governing Board to regulate deadly weapons, which includes firearms, on District campuses. The Maricopa County Community College District does not allow firearms or any deadly weapon on any of its campuses. Police officers do have exemptions from these laws. However, contact the College Police department to ascertain who may have authority to carry a firearm on campus. [\[ADMIN REG 4.6\]](#)

Any person violating the policy shall be ordered to leave the campus. Any person, who refuses to leave, shall be subject to arrest under [A.R.S. § 13-1502](#) Third Degree, Criminal Trespass. Any student/employee violating this policy is also subject to applicable college disciplinary procedures. If a person having a weapon appears dangerous, is acting suspicious, is threatening, or is behaving irrationally, stay away from the individual and call MCCCDC Police at **480-784-0911** or **9-1-1** immediately.

Witness a Crime Involving a Weapon?

If you are a witness to a crime involving a weapon, call 911 immediately. If you see a weapon of any kind on campus, alert the police by contacting the corresponding college police department.

Hate Crimes

MCCCD is also required to disclose statistics for Hate Crimes. Hate Crimes are not separate distinct crimes, but instead involve any traditional criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. Bias is an expressed negative opinion or attitude toward a group of persons based on actual or perceived race, gender, religion, national origin, sexual orientation, gender identity, ethnicity, or disability. Before an incident can be classified as a Hate Crime, sufficient objective facts must be present to lead a reasonable and prudent person to conclude that the offender's actions were motivated, in whole or in part, by bias.

MCCCD takes a strong stance against Hate Crimes, violent acts, property damage, intimidation, and threats because of a person's perceived personal characteristics. Hate Crimes will not be tolerated or dismissed as "pranks" or "bad behavior." Hate crimes should be reported to the appropriate college departments and organizations so proper follow-through can occur. Immediately report any hate crime incident.

Witness a Hate Crime?

Reporting hate crime is a key part of stopping such acts. If you or someone you know reports a hate crime, the matter will be taken seriously. A thorough investigation will be conducted and, if evidence warrants, administrative and/or criminal proceedings will follow. Call or report the hate crime incident to police the corresponding [College Police Department](#) at 480-784-0911.

Student Code of Conduct

According to the laws of the State of Arizona, jurisdiction and control over the Maricopa County Community College District (MCCCD) are vested in the MCCCD Governing Board. The MCCCD Governing Board and its agents-the Chancellor, administration, and employees are granted authority to regulate student behavior subject to basic standards of reasonableness.

In developing responsible student conduct, the MCCCD prefers mediation, guidance, and admonition. However, when these means fail to resolve problems of student conduct and responsibility, appropriate disciplinary procedures will be followed. The MCCCD reserves the right to levy discipline rather than attempt mediation and guidance, based on the severity of the conduct.

The purpose of this [Student Code of Conduct](#) is to help ensure a productive and safe environment for students, employees, and visitors. This conduct code is not a stand-alone policy. This code is subject to the provisions outlined in [AR 5.1.16](#), generally known as the [Title IX policy](#), and [AR 6.24](#), generally known as the Free Expression policy, and [AR 5.1](#), generally known as the Non-Discrimination policy. There are other policies that may intersect with other administrative regulations.

A Respondent must receive written notice of the allegations before a meeting is held with the Respondent regarding the conduct. The notice of allegations should outline the particulars of the complaint, the presumption of innocence, an outline of the Respondent's due process rights, and the contact information for the Student Conduct Administrator.

- B. There is no statute of limitations for bringing a complaint under the Student Conduct Code, but it is advisable to bring a complaint as soon after the conduct being reported occurred.
- C. Both the Complainant and the Respondent shall have the right to be assisted by an advisor of their choosing. A party who elects to be assisted by an advisor must notify the Student Conduct Administrator of the name and contact information of the Advisor not less than two (2) days before the scheduled meeting with the party. - D. Misconduct that would fall under the jurisdiction of AR 5.1.16, meaning it alleges sexual harassment, discrimination, sexual assault, dating/domestic violence, or stalking should be forwarded to the Title IX Coordinator for a jurisdictional review. In such cases where the conduct alleged does not meet the definition of sexual harassment, as outlined in the Title IX Regulations (and MCCC policy AR 5.1.16) or is otherwise subject to mandatory or discretionary dismissal, the alleged conduct will be referred back to the Student Conduct Code for investigation and adjudication.
- E. After receiving information on alleged violations of the Student Conduct Code, the Student Conduct Administrator will review the information, gather facts, and make a determination on the appropriate next steps. Documentation regarding the aforementioned steps must be maintained. Next steps are:

 - ii. Proceed with a full, thorough, and impartial investigation with formal disciplinary proceedings.
 - iii. Initiate an informal resolution outside of formal disciplinary proceedings provided involved parties mutually agree and the Student Conduct Administrator determines this option is appropriate given the nature of the allegations. An informal resolution can also be an option when the Respondent accepts responsibility for the behavior.
 - iv. If the informal resolution option is initiated, the determination with regard to responsibility and sanctions is final and cannot be appealed.

2. Informal Resolution Options

- A. Informal resolution options include, but are not limited to: administrative dispositions, mediation, facilitated dialogue, and restorative justice practices.
- B. Staff outside of the Student Conduct Administrator's office may be involved in facilitating the agreed upon option.
- C. Informal resolutions can result in the same sanctions and institutional responses as are reserved for matters that have been addressed through a full investigation.
- D. The Student Conduct Administrator will make the determination with regard to responsibility.
- E. Should new facts come forward during the informal resolution process that significantly alter the nature of the allegations, the Student Conduct Administrator has the discretion to initiate a full investigation. If one of the involved parties decides that the informal resolution option is not appropriate, they may request a full investigation. This request must be submitted to the Student Conduct Administrator before the conclusion of the informal resolution process. If this action is taken, the Student Conduct Administrator will document the end of the informal resolution process and shall initiate a formal investigation.
- F. Should new facts come forward during the informal resolution process that significantly alter the nature of the allegations, the Student Conduct Administrator has the discretion to initiate a full investigation. If one of the involved parties decides that the informal resolution option is not appropriate, they may request a full investigation. This request must be submitted to the Student Conduct Administrator before the conclusion of the informal resolution process. If this action is taken, the Student Conduct Administrator will document the end of the informal resolution process and shall initiate a formal investigation.

3. Interim Actions

- A. Should new facts come forward during the informal resolution process that significantly alter the nature of the allegations, the Student Conduct Administrator has the discretion to initiate a full investigation. If one of the involved parties decides that the informal resolution option is not appropriate,

- they may request a full investigation. This request must be submitted to the Student Conduct Administrator before the conclusion of the informal resolution process. If this action is taken, the Student Conduct Administrator will document the end of the informal resolution process and shall initiate a formal investigation.
- B. Should new facts come forward during the informal resolution process that significantly alter the nature of the allegations, the Student Conduct Administrator has the discretion to initiate a full investigation. If one of the involved parties decides that the informal resolution option is not appropriate, they may request a full investigation. This request must be submitted to the Student Conduct Administrator before the conclusion of the informal resolution process. If this action is taken, the Student Conduct Administrator will document the end of the informal resolution process and shall initiate a formal investigation.
 - C. Should new facts come forward during the informal resolution process that significantly alter the nature of the allegations, the Student Conduct Administrator has the discretion to initiate a full investigation. If one of the involved parties decides that the informal resolution option is not appropriate, they may request a full investigation. This request must be submitted to the Student Conduct Administrator before the conclusion of the informal resolution process. If this action is taken, the Student Conduct Administrator will document the end of the informal resolution process and shall initiate a formal investigation.
 - D. Should new facts come forward during the informal resolution process that significantly alter the nature of the allegations, the Student Conduct Administrator has the discretion to initiate a full investigation. If one of the involved parties decides that the informal resolution option is not appropriate, they may request a full investigation. This request must be submitted to the Student Conduct Administrator before the conclusion of the informal resolution process. If this action is taken, the Student Conduct Administrator will document the end of the informal resolution process and shall initiate a formal investigation.

4. Notice of Allegations and Investigations

- A. The notice of allegations letter sent to the Respondent will also be sent to the Complainant. The notice of allegation should specify that the investigation will be done to determine, under the preponderance of the evidence standard, if a violation of the policy has taken place. The notice of allegations should outline the

particulars of the complaint, the presumption of innocence, an outline of the Respondent's due process rights, and the contact information for the Student Conduct Administrator.

- B. Investigations will be conducted in a fair and impartial manner. Respondents are treated with a presumption of innocence until such time as it has been adjudicated that a violation of the Student Conduct Code has taken place.
- C. If during the investigation additional allegations are presented or if allegations outlined in the original notice of allegations have been retracted, the Respondent must receive an amended notice of allegations and shall be allowed to address the new allegations.

5. Investigation Process

- A. At the beginning of the investigation interview, the Student Conduct Administrator will review with the party being interviewed: The Student Conduct Code, the investigation process, how determinations are made, possible sanction(s), the prohibition against retaliation, and appeal options.
- B. Students are expected to comply with requests and directives issued by the Student Conduct Administrator performing duties connected to an investigation. Should a student choose to not participate in the conduct process, the Student Conduct Administrator will proceed with the investigation and make determinations without gaining input from the non-participating student.
- C. After the investigative interview, Respondents will be given up to five (5) days to reflect upon and respond to the allegations(s) in writing. The written response should be delivered to the Student Conduct Administrator within that time period. Likewise, Complainants and witnesses will be given up to five (5) days to reflect upon and respond to the information presented and outlined during the investigative interview. The Student Conduct Administrator does not need to provide interview notes or additional information to the student to facilitate this process.
- D. A student can have an advisor present in all conduct proceedings, but the advisor cannot speak on the student's behalf.
- E. Involved parties can identify witnesses who have information relevant to the investigation. These witnesses will be contacted by the Student Conduct Administrator who will assess the relevance of the witnesses and conduct interviews as appropriate.

- F. Complainants and Respondents will be notified in writing when an investigation has concluded and the investigative report has been completed, which will encompass all information except for a final determination.

6. Determinations

- A. The Student Conduct Administrator will determine whether it is more likely than not that a student and/or student organization violated the Student Conduct Code.
- B. The Student Conduct Administrator will consider any mitigating or aggravating factors and determine the appropriate sanctions.
- C. Within five (5) business days of the determination, the Student Conduct Administrator will provide the parties a written decision. The written decision will indicate whether or not the charge(s) was substantiated and, if the charge(s) was/were substantiated, will outline the remedial action(s) taken including sanctions if applicable, to be issued by the college. The determination letter will summarize the investigation and outline the determination made regarding the allegations outlined in the complaint, as well as state any issued sanction(s) based on a finding of responsibility.
- D. Respondent will be informed of the right to appeal the determination and will be given instructions on how to do so in the decision letter.

7. Appeals

- A. The Respondent must submit a written appeal request to the supervising Dean of Students or Vice President of Student Affairs (VPSA), or in the case that the Student Conduct Administrator is the VPSA, the President, no later than five (5) days from the date of the written determination.
- B. If no appeal is filed within the five (5) day window, the determination regarding responsibility for a violation under this policy and sanctions is final.
- C. Pending the filing of a timely appeal request, the decision by the Dean of Students or VPSA will delay the effective date of the disciplinary sanction.
- D. The grounds for an appeal are restricted to the following:
 - i. Procedural irregularity that affected the outcome of the matter, and

- ii. New evidence that was not reasonably available at the time determinations regarding responsibility was made, or that could affect the outcome of the matter.

E. The Dean of Students or VPSA will notify the involved parties of a decision regarding the appeal within five (5) days of receiving the appeal request. Both parties to the original investigation will be notified of the appeal decision.

- i. If the appeal is denied, the decision by the Student Conduct Administrator shall be considered final and binding upon all concerned.
- ii. If the appeal is granted, the rationale for the decision will be outlined in the decision letter as will the next steps in the process.
 - a. The appellate body has discretion upon granting an appeal to refer the matter back to the Student Conduct Administrator for re-consideration, or alter the sanction(s) only (including issuing more severe sanctions).

8. Matters Related to Infringement of the Right to Free Expression

A. As outlined in Arizona Revised Statute 15-1866, any student who engages in individual conduct that materially and substantially infringes on the rights of other persons to engage in or listen to expressive activity is subject to discipline under this conduct code.

B. In all disciplinary proceedings involving students, including proceedings involving expressive conduct, a student is entitled to a disciplinary hearing under published procedures that include, at a minimum, all of the following:

 - i. **Warning** - a written notice to the student that the student is violating or has violated institutional rules or regulations.

- C. Disciplinary sanctions are part of a student’s educational record

10. Miscellaneous

A. Administrative Hold

The Student Conduct Administrator may place a temporary administrative hold preventing a student’s registration, transcript release, or graduation if it is necessary to secure the student’s cooperation in the investigation or compliance with an administrative direction. This hold is not a sanction but a necessary step to resolve the complaint promptly.

B. Academic Consequences

Violations of the Student Conduct Code can have academic consequences if the violation also constitutes failure to meet standards of performance or professionalism set by the instructor or the program, or if it constitutes cheating, plagiarism, falsification of data, or other forms of academic dishonesty. In such cases, the instructor may award a failing grade for the assignment or the course in such cases, and the program faculty may decide that the student is ineligible to continue in the program. Academic consequences are determined by the faculty and academic administration, and are not dependent on the decisions of the college officials charged with the administration of the Student Conduct Code.

MCCCD Policy on Substance Abuse

Drug Free Schools & Communities Act of 1989

District Policy

Maricopa Community Colleges supports the Drug Free Schools and Communities Act Amendments of 1989, Public Law 101-226, and complies with all federal, state, and local laws pertaining to controlled substances, including alcohol. The possession, sale or consumption of an alcoholic beverage in any premises owned and/or leased/rented by the District for approved educational purposes is prohibited.

College Response to Alcohol and Drug Violations

Besides the sanctions imposed by federal and state courts concerning controlled substance violation(s), the college will respond administratively when the offense involves a student or employee as the offender. Students and employees are subject to applicable District policies and disciplinary procedures. Sanctions may include suspension or expulsion for student offenders or termination of employment for employees.

S-16 Statement on the Arizona Medical Marijuana Act (Proposition 203)

In 2010, Arizona voters approved the Arizona Medical Marijuana Act (Proposition 203), a state law permitting individuals to possess and use limited quantities of marijuana for medical purposes. Because of its obligations under federal law, however, the Maricopa Community Colleges will continue to prohibit marijuana possession and use on campus for any purpose.

Smart and Safe Arizona Act (Proposition 207)

In 2020 Arizona passed the Smart and Safe Act (Proposition 207), legalizing the adult recreational use of marijuana. The definitions associated with the Arizona Revised Statute can be found in [ARS 36-2850](#). Additional information regarding restrictions, violations, penalties and enforcement can be found in [ARS 36-2851](#), [ARS 36-2852](#) and [ARS 36-2853](#).

Under the Drug Free Workplace Act of 1988, and the Drug Free Schools and Communities Act of 1989, “no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any federal program, including participation in any federally funded or guaranteed student loan program, unless it has

adopted and has implemented a program to prevent the use of illicit drugs and abuse of alcohol by students and employees.” Another federal law, the Controlled Substances Act, prohibits the possession, use, production, and distribution of marijuana for any and all uses, including medicinal use. This law is not affected by the passage of the Arizona Medical Marijuana Act or the Smart and Safe Arizona Act. Because Maricopa Community Colleges could lose its eligibility for federal funds if it fails to prohibit marijuana, it is exempt from the requirements of the Arizona Medical Marijuana Act. Therefore, Maricopa Community Colleges will continue to enforce its current policies prohibiting the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance on its property or as part of any of its activities. Employees and students who violate Maricopa Community Colleges policy prohibiting the use or possession of illegal drugs on campus will continue to be subject to disciplinary action, up to and including expulsion from school and termination of employment.

Alcohol and Drug Use Prevention

Maricopa Community Colleges sponsors and/or participates in the following drug prevention activities:

- Counseling services provide individual sessions on the topic of Substance Abuse. When necessary, counselors will provide referral services to community-based agencies.
- Drug and alcohol awareness workshops are offered through Maricopa Community Colleges Fitness Center Wellness Workshops

Campus community members who may have an alcohol or drug problem can also receive assistance by calling:

- National Institute on Drug Abuse Hotline at 1-800-662-4357
- DRUGHELP at 1-800-378-4435

Off-campus Student Organizations

College Police does not monitor the activities of off-campus student organizations.

Statistical Overview

The crime statistics in this report have been compiled in accordance with definitions taken from the Federal Bureau of Investigation Uniform Crime Reporting Handbook as required

by Clery Act regulations and modified by the Hate Crime Statistics Act and Campus SaVE Act.

The data relates to all reported crimes occurring on Estrella Mountain Community College campus, as well as relevant non-campus property and public property as these terms are defined in the aforementioned Geographical Definitions. Also included are crimes reported to College Police by its officers, the local law enforcement agencies having primary jurisdiction, and other college personnel who have significant responsibility for student and campus activities. Although asked to do so, not all law enforcement agencies responded to or were able to provide statistics as required for Clery Act reporting.

In 2021, MCCCCD students stayed overnight in hotels, campgrounds, while traveling with officially recognized groups and clubs. Letters were sent to the applicable police departments in each jurisdiction, requesting Clery Act data, for these stays which required Clery Act reporting.

If rape, fondling, incest, or statutory rape occurs in the same incident as a murder, MCCCCD will record both the sex offense and the murder in the statistics.

Incidents and arrests occurring in On-Campus Student Housing Facilities are duplicated in the On-Campus totals and are not in addition to them.

For stalking, MCCCCD records a crime statistic every year in which the course of conduct is reported to a local police agency or a Campus Security Authority. MCCCCD also records each report of stalking as occurring only at the first location within MCCCCD's Clery geography in which a perpetrator engaged in the stalking course of conduct or a victim first became aware of stalking.

The statistics for drug, liquor law, and weapons violations related to actual offenses occurring on campus property.

Violations Referred for Disciplinary Action are the result of alleged criminal offenses, which did not result in an arrest, but were referred to other responsible college officials for administrative investigation and possible disciplinary action, administrative action, or educational intervention.

Unfounded Crimes

Pursuant to the Violence Against Women Reauthorization Act regulations, an institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situation where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore "unfounded." Only sworn or commissioned law enforcement personnel may "unfound" a crime report. The recovery of stolen property, the low value of stolen property,

refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not “unfound” a crime report.
