DISABILITY ACCOMMODATIONS AND MEDICAL INFORMATION (This information will be kept confidential.):

Information for Students with Disabilities who May Require Accommodations

While Scottsdale Community College will try to accommodate students with disabilities, some international programs may not comply with US Federal ADA guidelines for accommodation requirements. Students seeking accommodations are strongly encouraged to notify the Disability Resources and Services (DRS) office at 623.935.8863 regarding their interest in a study abroad program and their accommodation/academic adjustment needs.

**SCOTTSDALE
COMMUNITY COLLEGE**
A MARICOPA COMMUNITY COLLEGE

The Maricopa County Community College District (MCCCCD) is an EEO/AA institution and an equal opportunity employer of protected veterans and individuals with disabilities. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, age, or national origin. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of the District.

The Maricopa County Community College District does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs or activities. For Title IX/504 concerns, call the following number to reach the appointed coordinator: (480) 731-8499. For additional information, as well as a listing of all coordinators within the Maricopa College system, visit www.maricopa.edu/non-discrimination.

The DRS Manager will meet with the student, the Program Director (or designee) and other relevant personnel to determine whether the student's needs can be accommodated, given the international nature of study abroad. If you have a disability that requires accommodations/academic adjustments, you will be required to participate in the interactive process. Only the DRS office can evaluate and grant reasonable accommodations/academic adjustments. For more information, [see Administrative Regulation 2.8.1 Eligibility for Accommodations & Required Disability Documentation](#).

While abroad, you will be separated from your family, friends, typical daily routine, and the cultural norms you are used to. Trying to adapt to a new routine and/or nuances of an unfamiliar culture may exacerbate current disabilities or create concerns that otherwise were not present such as depression and/or anxiety, etc.

[Mobility International USA \(MIUSA\)](#) is a great resource for students with disabilities interested in traveling abroad.

Reasonable Adjustments for Pregnant Students

Students who are pregnant or are experiencing related conditions are entitled to reasonable adjustments to prevent sex discrimination and ensure equal access to MCCC's education program and activity. Any student seeking reasonable modifications must contact the Regional Director/Title IX Coordinator to discuss appropriate and available reasonable modifications based on their individual needs. Students are encouraged to request reasonable modifications as promptly as possible, although retroactive modifications may be available in some circumstances. Reasonable modifications are voluntary, and a student can accept or decline the offered reasonable modifications. Not all reasonable modifications are appropriate for all contexts. For more information, please review Reasonable Adjustments.

Students experiencing pregnancy-related conditions that manifest as a temporary disability under the Americans with Disabilities Act (ADA) or section 504 of the Rehabilitation Act are eligible for reasonable accommodations. The Regional Director/Title IX Coordinator will consult with Disability Resources and Services (DRS) to ensure the student receives reasonable accommodations for their disability as required by law.

Medications

Some countries (e.g. Japan) PROHIBIT certain medications (prescription/non-prescription) and/or may require that you obtain a medical provider note or prescription documentation. If you are in possession of illegal medications (even if you obtained them legally in the US) or do not have the proper documentation, your medications may be confiscated and you may be arrested and/or deported. If you need medications for a medical/psychiatric condition while traveling abroad, check with the [embassy](#) of your host country to verify if those medicines are legal and to see if any additional documentation is required (e.g. original prescription, physician letter). If you need to make any changes to your medication, do so several months before departure, so you can have time to consult with your doctor on any resulting complications and have stability of your condition for travel. MIUSA has a great resource: [Medications When Traveling Internationally](#).

☐ **I require accommodations and have visited Disability Resources and Services.** (If you fail to pre-disclose needed accommodations, you will not be guaranteed any provisions in the host country.)
