Application fees are non-refundable.

PHARMACY TECHNICIAN TRAINEE

Please note: A.A.C. R4-23-1103(C)(5) limits the time to 36 months for which a licensed pharmacy technician trainee may practice as a licensed pharmacy technician trainee. The Board interprets the intent of this limitation to preclude a licensed pharmacy technician trainee from applying to become a registered pharmacy technician trainee after their license has expired, been surrendered or revoked. Please refer to [Substantive Policy Statement No. SPS 2023-01](#).

Towards the bottom of the Pharmacy Technician Trainee section there is an “APPLY: Pharmacy Technician Trainee Registration online application” hyperlink. Click to open.

The first page is reviewing the list of required documents to complete you application, make sure you have all appropriate documentation ready to submit.

Click next when you are ready to make your application.

Complete the application and upload your documents to the system and pay your registration fee.

Once completed and paid you will receive an email confirming your registration with the Arizona Board of Pharmacy and will prompt you to finish creating your online profile. THIS IS NOT YOUR LICENSE.

You will receive a second email once your application has been approved or denied letting you know how to access your new license.

You will need to submit a copy of your license to ADB/MCE for the program. Log into your profile and print a copy. Do not submit license application verification, this is not an active license.
