When applying for graduation, a petition must be presented to the Admissions and Records Office. Please consult current class schedule or college catalog for DEADLINE DATES. Your petition for graduation will be reviewed, and you will be notified of your status. If you do not qualify for graduation the semester you have indicated, you must re-petition for graduation. In addition to meeting curriculum requirements for each degree, you must also meet the General Graduation requirements listed in the college catalog.

If you plan to include transfer credit(s) from other colleges/universities as part of your degree requirements, an official transcript must be sent directly to Admissions and Records prior to submission of this application. If you are currently enrolled at another institution for the credits required to complete the award, please include a copy of your registration. Once the course work is completed and graded, an official transcript must be sent to Admissions and Records to complete your request. **Hand carried transcripts will not be accepted.**

If your application is turned in after the deadline, we will be unable to guarantee that your name will appear on the commencement Program.

I have read this statement and understand that I must satisfy all of these requirements in order to graduate.
