How do I choose where to complete my service-learning hours?

This booklet lists several community partners within a number of social causes (animal welfare, hunger and homelessness, etc.). Look to see what might interest you. You can also refer to our online portal for additional information on these community partners: http://getconnected.scottsdalecc.edu/agency/.

You should also check with your instructor. S/he will want to know where you are thinking about completing your hours. In addition, they might have a class project or a preferred community partner with which they are familiar.

You can complete your hours at any local community partner, but those approved by the Maricopa Community Colleges are preferred. If you have an organization in mind and cannot find it in this booklet or on Get Connected, then contact our office. We can help you check out the organization. If you also wish to expand your community partner options, you may want to consider visiting www.volunteermatch.org and/or www.handsonphoenix.org. These websites are search engines for local available volunteer opportunities.

The resulting service-learning work you do will be difference-making – to the community partner, your education and our future. Be open to the possibilities!

The table below will serve as a guide as you navigate this booklet. Each community partner has been designated a social cause (a community-based need). While this table is available to guide you, please note that these designations are not exclusive and are outlined only to assist you in the process of finding a community partner. And, always remember our office is available to help you.
